Foundation Meeting will be held on **25-02-2025 at 2.00 pm in the office**. All the members listed above attended the meeting.

Agenda:

- **Discussion regarding the planning of the Summer Camp.**
- **Final Discussion on the aims and objectives of the Foundation.**
 1. To organize Summer Camps and Dasara Camps every year and arrange university visits for the students.
 2. To conduct alumni meetings.
 3. To guide each student regarding their future, keep them away from bad habits, and encourage them to live with unity and discipline.
 4. To make every effort to build a library with the cooperation and collective support of members.
 5. To provide scholarships and fellowships to students through this foundation.

Discussion on Agenda Points

- **Agenda 2: Discussion regarding the planning of the Summer Camp.**

The committee discussed conducting a Summer Camp for school students. The camp will include activities such as personality development, basic computer training, creative learning programs, and fun educational activities and Mathematics and English.

- **Agenda 4: Final Discussion on the aims and objectives of the Foundation.**

In the final discussion, the members of the **Vidhyadhara Foundation** reviewed the main aims and objectives of the organization. The discussion focused on how the foundation can contribute to the development of students and society through educational, social, and cultural activities.

The members agreed that the primary aim of the foundation is to support students by providing guidance, educational opportunities, and skill development programs. The foundation also aims to promote awareness about technology, digital learning, and career opportunities among youth.

Another important objective discussed was to organize various activities such as seminars, workshops, digital expos, and summer camps to encourage learning beyond classrooms. The

Introduction:

The Summer Camp organized in the month of May 2025 aims to provide students with an enjoyable and productive learning experience during their vacation. The camp focuses mainly on improving students' skills in **English and Mathematics**, which are very important subjects for their academic development.

Through this summer camp, students will participate in various interesting activities such as basic grammar practice, vocabulary building, reading and speaking activities in English, and problem-solving, logical thinking, and fun calculations in Mathematics. The sessions will be designed in a simple and interactive way so that students can learn easily while enjoying the activities.

Speech by Parents:

Parents expressed their happiness and appreciation for the efforts taken to organize the activities and provide a positive learning environment for the students.

Speech by Students:

Students shared that they enjoyed participating in the sessions and activities. They mentioned that the classes were interesting, interactive, and helpful in improving their knowledge and confidence, especially in subjects like English and Mathematics.

Speech by Teachers:

Teachers also shared their feedback about the program. They appreciated the enthusiasm and active participation of the students. Teachers felt that the program helped students learn new things in a creative and enjoyable way.

Conclusion:

In conclusion, the summer camp was successfully conducted with the active participation of students, teachers, and parents. The camp helped students improve their knowledge in English and Mathematics through various interesting and interactive activities. It also provided a good opportunity for students to learn new skills, build confidence, and use their summer holidays in a meaningful way.

The support and encouragement from parents and teachers played an important role in the success of the program. Overall, the camp created a positive learning environment and left happy memories for everyone involved. It was a valuable and enjoyable experience for the students, and such programs should continue in the future for the benefit of the community.
